Venue:

Auditorium, 1st Floor
Shimoga Institute of Medical
Sciences, Shivamogga.

Website :

www.aoacon2026.com

OCT 30TH – NOV 1ST 2026

INVITATION

Pranams and Greetings,

It gives us great pleasure to welcome you to the 19th Annual National Conference of Obstetric Anaesthesiologists, proudly hosted by the Department of Anaesthesiology, SIMS and the ISA City Chapter, Shivamogga. The conference will be held at the Shimoga Institute of Medical Sciences, located in the serene , culturally rich city and gateway of western ghats Shivamogga, Karnataka.

It is concerning to our fraternity that, despite the advances in the medical field, there exists a significant gap between the urban and rural perioperative maternal care, contributing to maternal morbidity and mortality in India. This year's theme highlights the vital need to ensure equitable, evidence-based, and safe obstetric anaesthesia services across diverse healthcare settings. This prestigious gathering brings together experts, practitioners, and learners in the field of obstetric anaesthesia to share knowledge, discuss advances, and explore innovations that continue to shape safe motherhood and perioperative care and address the challenges faced in both resource-rich and resource-limited environments. The conference promises a vibrant academic program featuring distinguished speakers, interactive sessions, hands-on workshops, and opportunities to engage with peers from across the region and beyond.

Set amidst the lush landscapes of Karnataka, Shivamogga offers perfect backdrop for academic exchange and rejuvenation.

We warmly invite you to join us in Shivamogga for an enriching scientific experience amidst a welcoming environment. Together, let us work towards narrowing urban-rural gap and shaping safe motherhood everywhere.

We look forward to your participation!

Regards

The Organizing committee

CONFERENCE HIGHLIGHTS

1. AOA-Certified Course in Obstetric Critical Care

An exclusive two-day workshop on obstetric critical care, designed to empower practitioners with the clinical skills necessary to manage high-risk obstetric cases in perioperative setups. **The course will be held on 29th & 30th Oct 2026.**

2. Pre-Conference Workshops

Choose your workshop from our skill-oriented, hands-on sessions. These sessions focus on practical training, updated protocols, and real-life clinical scenarios relevant to obstetric anaesthesia practice.

- Labour Analgesia
- Critical Incidents in Obstetric Anaesthesia
- POCUS in Obstetrics
- Maternal Resuscitation + Obstetric Regional Blocks

3. Lectures, Debates & Panel Discussions

Lectures, debates and panel discussions with esteemed national and international faculty, bringing vast clinical experience, academic excellence, and global perspectives in obstetric anaesthesia and critical care.

4. Live Master Classes from Experts

Interactive live master classes featuring expert demonstrations, advanced techniques, and case-based discussions to enhance practical understanding and clinical decision-making.

5. Attractive competitions for delegates

Partake in our various competitions spread throughout the conference days and win attractive prizes.
